ALL MEN CALLED OUT

Pittsburg, Aug. 6.—After weeks of preliminary skirmishing the great battle between the gigantic steel trust and the thousands of men marshaled under the banners of the Amalgamated Association of Iron, Steel and Tin Workers is fairly on. The long-talked or general strike order was issued by President Shaffer this evening, to take effect after the last turn of the mills on August 10th. What the result will be no man can foretell, but, judging by the expressed determination of both parties to the controversy, the battle will be waged to the very last ditch. Much money will be lost, thousands upon thousands of men will be idle, great suffering is looked for and even bloodshed and death are possible and feared.

The strike call includes practically all Amalgamated men in the United States Steel Corporation's employ now on strike. It was issued from the Amalgamated Association headquarters and mailed to all Amalgamated lodge officers who are expected to call their men into the strike.

The order of President Shaffer is expected to swell the number of idle men to over 100,000 at the end of the week. President Shaffer was asked if the order was intended to go to the union men in the Carnegie Steel Company. He said that he answered no questions on that score. The Amalgamated Association has lodges in the upper and lower union mills of the Carnegie Steel Company, and a foothold in the Homestead, Duquesne and Braddock, mines of the great bulwark of non-unionism. In conformity to statements that have been made by President Shaffer before the strike, as will all Amalgamated men and sympathizers in all plants of the United States Steel Corporation.
